Q LT asked about future use of the minibus for transporting VI Members to activities and events.

A It was suggested that the Trustees approve at their next quarterly meeting the establishment of a Transport Working Party, made up of VI Members, volunteers, a Trustee Members and staff as appropriate to consider in detail future transport needs and provision. It is recognised that a number of our current minibus drivers are reaching the age beyond which our insurers will not permit them to continue in that capacity and it is expected that there are to be regulatory changes in the near future regarding the introduction of more stringent licensing requirements for minibus drivers. It is proposed that, as with the successful model established for the Millbrooke House Working Party, the CEO prepares term of reference and invites interested parties to join the working party by advertising in the next quarterly newsletter (scheduled May 2019).
