**Q Will the proposed letting out of rooms at Millbrooke House affect our charitable status?**

A The CEO confirmed that there would be an impact on the rates that we pay. Currently we receive a reduction in rates on the whole property because we are a registered charity. Once any rooms are let out to any organisations who are not themselves registered charities, the rates would need to be recalculated and tenants would be responsible for the paying of rates for rooms they leased. It is anticipated that there would then be a reduction in the rates payable directly by Sight for Wight.
