Please help us deliver our **2020 Vision**

An Island wide KS1 Education Programme

that links sight, sight loss and promoting avoidable sight loss, to the national curriculum across a range of subjects.

The aim is to develop, pilot and finalise an education programme to be offered to all Primary Schools on the Island over a 2 year period, to reach all KS1 pupils & their families.

Our 2020 Vision will deliver:

- ◆ Inspiring, engaging and fun learning for pupils
- ◆ High quality outreach education that supports the curriculum
- ◆ Take-home packs for pupils; to involve parents, carers and the wider family
- ◆ Benefits to visually impaired Islanders, through widening understanding of the impact of sight loss and increasing empathy with those who experience visual impairment.
